Modernise Your Home's
Indoor-Outdoor Flow

A Smart Lock that suits your lifestyle, your home and what nature throws at it.

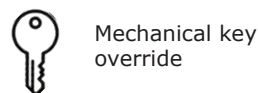

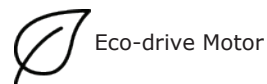

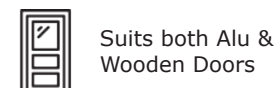

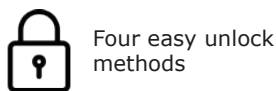

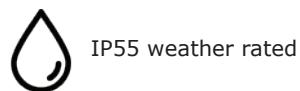

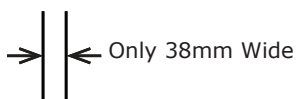

Leave your keys at home with the new E-LOK Smart Lock for Sliding Doors. Control access to your outdoor area with an easy-to-use Smart Phone App.

Pair your Smart Phone to your E-LOK 715/7 via Bluetooth and set up a range of PIN Codes and link the included RFID Cards.

Managing your E-LOK Smart Lock through the app is a breeze. Easily see and control all access credentials linked to your E-LOK, change or revoke access with a press of a button. Change a range of settings and pair to an E-LOK Gateway to control and unlock remotely over Wi-Fi, perfect for Airbnb scenarios.

E-LOK 7-SERIES Snib Lever

Built for Sliding Doors

E-LOK 7-Series for Sliding Doors is purpose built to expand your homes' indoor-outdoor flow. This E-LOK comes paired with Snib-Levers to allow for installation on narrow styles. A 35mm backset sliding door mortice lock is included, along with an adjustable strike for the door frame.

This E-LOK is easy to use and programme, with adjustable auto-lock timer or passage mode operations. Paired with the easy-to-use E-LOK App, indoor-outdoor flow has never been smarter.

- Consult with installation company prior to purchase
- Snib lever also suits normal style swinging doors.
